

2022-2023 School Year Program Offerings

MISSION | Seven Tribe Nature School of York is a community dedicated to spirited learning, imagination, and outdoor play. Our approach is holistic as we focus on the growth of the whole child and foster a sense of belonging to and appreciation of the natural world.

Our Seedlings program is a stepping stone into the world of education, through purposeful outdoor play. To thrive in this dynamic world, children need outdoor play experiences that deliver the hands-on lessons, valuable social interactions, and restorative activity that can't be gained from the tap of a screen. Our Seedlings program allows children to enjoy an hour and a half of structured outdoor play, while feeling the security of their parent or guardian nearby. Both adults and children graduate the program feeling confident and equipped for the preschool years ahead.

Kids are capable, creative, curious, full of potential, and worthy of respect. Preschoolers need 'Yes' spaces in which to play freely and feel valued, because it's through play that true learning takes place. Our classes include: Lots of learning and play outdoors! In addition to preschool fundamentals like ABCs and 123s, we offer kid yoga, mindfulness activities, a focus on social and emotional intelligence, earth-centered practices, and lots of creative arts. Snacks are provided by 7 Tribe, kids must bring a packed lunch and reusable water bottle daily.
